Ifeoma Daniels

Product Designer · Lagos, Nigeria

ifeoma.daniels@example.com · +234 000 000 0000 · example.com/ifeoma · linkedin.com/in/example-ifeoma

Fictional profile for testing Arpli. Not a real person; all companies, awards and organisations marked (fictional) are invented.

SUMMARY

Product designer with six years of experience designing fintech and AI tools for people who are new to digital finance. I turn messy, high-stakes processes into calm, plain-language flows, and I test with real users in markets where data is expensive and phones are mid-range. I am looking for a senior product design role or a design fellowship focused on financial inclusion.

EXPERIENCE

Lead Product Designer, Lumen Pay (fictional) Mar 2023 – Present
Lagos, Nigeria

- Led the redesign of the merchant lending app used by about 40,000 small traders; loan application completion rose from 38% to 61% in six months.
- Built the company's first design system (120 components), shared by three product squads; handoff questions from engineers fell by roughly half.
- Ran more than 60 field interviews in Lagos and Kano markets and introduced voice notes for traders who prefer speaking to typing.
- Mentor two junior designers; one was promoted to mid-level in 2024.

Product Designer, Harbor & Field Studio (fictional) Jun 2020 – Feb 2023
Remote

- Designed onboarding and identity-check flows for four African fintech clients; for one savings app, average onboarding time fell from 14 minutes to 6.
- Prototyped an AI assistant that explains loan terms in Nigerian Pidgin and Yoruba; it was shortlisted for a client pilot.
- Facilitated 12 design sprints with founders and engineers.

Junior UX Designer, Ndani Health (fictional) Aug 2018 – May 2020
Lagos, Nigeria

- Redesigned appointment booking for 25 clinics; missed appointments fell by 18%.
- Made usability testing a monthly habit, with five patients in each round.

EDUCATION

B.Sc. Computer Science, University of Lagos 2014 – 2018
Second Class Upper (2:1). Final-year project: an SMS-based tutoring tool for secondary school students.

Certificate in Human-Centred Design, Lagos Design Institute (fictional) 2019

PROJECTS

Market Voices 2024
An open-source research kit for running interviews with low-literacy users, now used by three NGOs. example.com/market-voices

Naira Notes 2021
A budgeting app concept for people with irregular incomes; featured in a regional design newsletter.

AWARDS AND RECOGNITION

- Shortlisted, West Africa Product Design Awards (fictional), 2023.
- Speaker, "Designing for the first-time borrower", Lagos UX Meetup (fictional), 2024.

VOLUNTEERING

Design mentor, Girls Who Prototype (fictional) 2021 – Present
Monthly sessions with secondary school girls on sketching, prototyping and presenting ideas.

SKILLS
